HAPPY BIRTHDAY ARCHBISHOP TUTU

The FW de Klerk Foundation and former President De Klerk would like to congratulate fellow Nobel Laureate, Archbishop Emeritus Desmond Mpilo Tutu, on celebrating his 87th birthday tomorrow, Sunday 7 October. We rejoice in his life and achievements, and in the relative good health he has been enjoying. He has, throughout his life, fought for justice and reconciliation. He has consistently spoken out against injustices and wrong actions, irrespective of who the perpetrators were. In all of this, he has remained a humble servant of God, in service of his people. May you have a blessed day and a good year, Arch!
